DETAILED ACTION

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-3, 5-8, 10, 15-20 and 22 are rejected under 35 U.S.C. 102(b) as being anticipated by Rueth.

Rueth's Fig. 2 clearly illustrates a method and circuit for generating a pseudo-random sequence including a LFSR (N-BIT LSSR, 10), a first mask circuit that is responsive to the state of the LFSR to produce a first sequence (MASK CIRCUIT, 30), a second mask circuit that is responsive to the state of the LFSR to produce a second sequence (MASK CIRCUIT, 30 and D-TYPE FLIP-FLOP, 40) and logic circuits that combine the first and second sequences to produce a pseudo-random sequence that is different from the pseudo-random sequence produced by the LFSR (MUX 42).

Relative to applicants' remarks, the mask circuit, 30, in conjunction with the D-type FF, 40, corresponds to the claimed second mask circuit.

Allowable Subject Matter

3. Claims 4 and 9 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
